AXIOMTEK

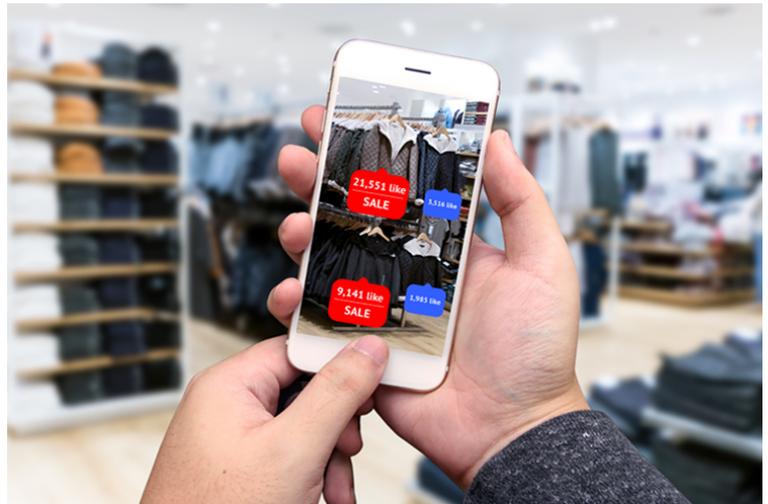

The holiday season is here and we at Axiomtek would like to say thank you for your support throughout the years. We look forward to continuing to serve our customers and collaborate with our partners in 2018 and for years to come.

The Axiomtek team would like to wish you and your loved ones a safe and wonderful holiday season and a very happy and successful New Year.

Can Technology Save Brick and Mortar Retail Stores from Extinction?

With the holidays fast approaching, an increased number of people are heading to stores to buy presents for loved ones. It's a crucial time of the year for the retail industry to make their biggest sales. With heightened competition from online shops and the changing climate within the retail industry driven by technology, brick and mortar stores are now facing more challenges to stay in the game and remain successful. Many of these stores have adapted to the new retail environment by using available computer technology to their competitive advantage. Find out how technology can help influence the retail industry success. [Read more.](#)

Product Showcase

eBOX700-891-FL - Expansion-Rich Fanless Embedded System

- Scalable CPU options with LGA1151 Socket 7th/6th Generation Intel® Core™ i7/i5/i3 or Celeron® Processors
- Rich I/O interfaces including two RS-232/422/485 ports, four USB 3.0 ports, two USB 2.0 ports, four GbE LAN ports and two HDMI ports
- Expandable with one PCIe x4 slot and two full-size PCI Express Mini Card slots
- Operational stability with wide operating temperature range of -40°C to +50°C (-40°F to +122°F)

ICO300-83B - Rugged DIN-Rail Fanless Embedded System

- Reliable and feature-rich gateway device with Intel® Celeron® Processor N3350
- Scalable wide operating temperature range from -20°C to +70°C or -40°C to +70°C (optional)
- Customizable with an option of two or four isolated COM ports
- Expandable with two full-size PCI Express Mini Card slots
- Ample storage options with one mSATA and one 2.5" SATA drive

tBOX500-510-FL - Advanced, Transportation-Certified Fanless Computer

- Flexible CPU options with 7th Generation Intel® Core™ i7/i5/i3 or Celeron® Processors
- EN 50155, EN 50121, E-Mark, ISO 7637 and DNV 2.4 certified and EN 45545-2, IEC 60945 compliant
- Customizable with two optional I/O module slots, three PCIe Mini Card slots and two SIM card sockets
- Operational stability with extended operating temperature range of -40°C to +70°C (-40°F to +158°F)

PICO316 - Feature-Rich, Low Power Consumption Pico-ITX Embedded Board

- Scalable CPU options with Intel® Pentium® Processor N4200 or Celeron® Processor N3350
- One DDR3L SO-DIMM for up to 8GB memory
- Rich communication options with two USB 2.0, three USB 3.0 and one PCI Express Mini Card with mSATA support
- Operational stability with extended operating temperature range of -20°C to +60°C (-4°F to +140°F)
